“ Because I already knew & loved Rexanna as family before Tony came into the family, we accepted him. He was a good mechanic, had an awesome sense of humor, and had a great karaoke voice. Tony you & I weren't always friends, but later in life when you got it together, I started respecting & loving you. I'm sorry your life was cut so short, especially when you started letting it be so good!!! I'm thankful for knowing your profession of faith, & knowing we'll see each other again. Until then, please love Nanny Margaret, Daddy Bill, Tammy, & Rex Wayne for us all.
