“ Barbie was one of the kindest people you could ever meet. We were friends since the 1st grade. We had a lot of long conversations over the past few years and she was always thinking and doing for other people. She made the world a better place.  
I will miss you my friend.

“ Barbie and I were part of the same singles group at Englewood. She was a great friend that I had lost touch with over the years. Just a few days ago, I considered taking her statistics class at JSCC and wondered how she'd react seeing me in her classroom. I'll miss you Barbie.

“ It is hard to believe she was taking way too soon. Growing up she was always the one to stand up for someone in need. She was always a great friend. We went to school together and did dance together. She was just a wonderful person. She will be missed. Sending prayers and comfort to her family.
