“ When I was a child and visiting with Aunt Betty in Manchester, TN; she had fixed a great meal for me and my family. I was a very picky eater and my dad believed in forcing the issue of eating a bit of all on my plate. Green beans was the ultimate, I do not want to eat. So, I filled my mouth full and asked to go to the bathroom. I spit all the beans into the holding tank of the commode to rid the issue. My aunt discovered what I had done after a few flushes and beans kept recurring in the bowl. I might have been 8-years old. This was a funny for her to retell:)
