*Christy was my very first student as a new teacher at Westover and the most memorable! She taught me far more than I ever taught her, that's for sure. Her amazing ability to remember dates was unbelievable. She knew everyone's birthdates and even my anniversary and my children's birthdays.*

*I've shared her story with many and will forever remember our three years together.*

*God's blessings on Tommy, Rita, Tim and all who loved her.*

“Christy rode my bus as her grandfather drove our route. I told her my birthday when she asked one day. I didn't see Christy again until, after college, I was hired at Westover School. When going out to the sped bus to make sure my kids got on, I spied Christy. She was coming home from Easter Seals. I told her I bet she didn't remember me. She told me I was Jamie Pusser...my maiden name...and promptly told me my birthday. She was a pure loving heart. My prayers are with you in your grief.

“Christy sang songs so beautifully. And she would put peoples name in her songs sometimes. She was very sweet. And like it says if you told her your birthday she remembered it no matter how many years passed. She is loved and will be missed greatly
