“ A loving husband ,father, and grandfather that will be greatly missed. I remember growing up next door from Don "pop" and how he was always outside working in the garden or painting beautiful works of art. He could paint just about anything turning something so ordinary like his shed into a giant scenery of mountains and clouds. I remember as a child walking by everyday just to see what else he added or other paintings he had drying. He was such a talented man that will never be forgot.
