“ My heart is saddened to hear of this news. He was such a great person and I know he will be sorely missed. I know he has not been himself for a few years and this had to be extremely difficult for all of the family. My condolences to all of you during this difficult time.

“ I had the pleasure and privilege of working with and knowing Howard when he was at the First National Bank in Lexington. I was not an employee of the bank, but did legal work for them on matters. Howard was always a very kind and helpful person and I am very glad to have known him. I have also known Cornelia and have the pleasure of being on the Henderson County Election Commission with her. I am sorry for the family's loss, but know that he is in a better place that we all hope to get to in our after life.

“ He was my Dad; my teacher, role model, protector... He has not been himself and we've missed the real him for a long time. That's who he would want us to remember and reflect back on...the Howard Tignor from a few years ago...actually Alzheimer's has affected him since probably before 2012. We've (Mom mostly) have been through some tough years. However, he would want us to remember the counselor in him (some of you know that side of him); the professional (of course); the doting father and grandfather; and to all he taught and wanted us to live our lives doing the right thing...for all involved. Thanks for visiting his page and caring.

I am so very sorry Janet. I lost my Mom to Alzheimer's last year and know some of the pain that it brings to the family. Know that I am thinking of you and your family and will pray for peace in your hearts as you go through the coming days and through these holidays. I did not know your Dad but I know he raised a wonderful, kind and loving daughter in you. 💜
