“ Mike and I want to thank all of you for sharing these precious memories that you've had with our Dad over the years!!  
Dad asked us not to have a funeral service for him. He always said everyone that wanted to see him would have seen him while he was living. They would've spoken to him while he could respond. Cellphones are amazing, they reach everywhere but Heaven. He didn't see the point of spending time with him when he's already gone. He wanted friends and family to remember him as they last saw him... or spoke with him. Those conversations and visits are what mattered to him and he hoped that they mattered to you as well. He didn't want anyone to have sorrow or regret to bring a grave. He wanted peace within.  
I'm sharing these photos with you for closure. In my Dad's eyes it would be the as if you were present.  
We are so thankful for All of the phone calls, text, flowers, cards and gifts in remembrance of our Dad. We know how much he IS loved and will continue to be loved.  
My Mom is grateful for all of your prayers and support for her during this season. She has spent the past 5 years doing everything possible to keep him going... letting herself be the sacrifice. Though we celebrate his transition into God's kingdom , there is no pain like that of your spouse leaving this world without you. Please continue to lift her up in prayer as she begins this new uncharted journey.  
(If there are any conflicts Please feel free to contact me personally.)  
Thank you again,  
Maggie Alexander

“ We only have such good memories of our Mr. Jack, who was just like a distant grandpa! He has watched my kids grow up. Always a patient, kind, and funny man. He will be so missed. We will cherish these memories ❤️

“ *Mr. Jack was a incredible man who absolutely adored his family and alway did his best to make sure you felt loved. He would play with his grandkids hard .... Like laying on ground crawling through tunnels to show them he could play to ..... He taught them how to play cards as a game for fun and not to cheat , He has taken time to teach many (all of my kids) to play pool the correct way and we all enjoyed watch them play with Pops .... I've been apart of this family almost 20 years ..... I've never seen a door closed at their home when someone needs them or simply just needs to visit. From water ball fights, being stuck on paddle boats , to loving me and calling to check on me every day for months after I lost my Daddy just to make sure I knew he cared ..... Driving miles to build wheel chair ramps for people so they felt safer and steadier..... my mind at first was thinking where do I start and as I'm trying the memories are flooding my mind so I can't write them all there's just to many ...., I guess all I can say is if you had only 30 mins and gave that time to Mr. Jack (Dad) you would know you were loved , he was in your corner, and that above all Jesus loved you..... if you had time for him he would MAKE time for you, it's just who he was.  
Thank you for loving me , Hug my son and tell him I love him... We will see you soon!*
