“ She was the greatest most beautiful woman I knew inside and out. She took us and and treated us like her own. We had so much fun as kids with her. She's take us on some fun adventures and dumpster diving and looking in old houses for cool stuff left behind and she'd let us ride on top of the hood and drive down An old back road and take us swimming and just be there when we needed a friend or if we got hurt or got into some trouble. She was my buddy my best friend. I will be forever grateful for God putting her in my life because she and Laura Pullam saved me when I needed it most and I am grateful for the love and kindness she showed me throughout my life.
