“ Wally, you are family....and you are my hunting buddy.....but more than these.....you are my friend, and I miss you. Your leaving is painful and I know that eventually, this pain in my throat and the glassy eyes will subside and when I think of you....it will be with a smile because of the things you said and did to make us laugh....and we did laugh....and the stories will be told....and we'll laugh again. So, this goodbye for now my friend is only temporary, because I know I'll see you again. Until we meet again, may God hold you in his arms and watch over your loved ones. I miss you friend.###imported-begin###Kerry Dotson###imported-end###

“ Dear Mrs. Eaves - "Ma Betty"

I am truly at a loss for words. It is difficult to think about, or write how sad I am for your families loss without tearing up. I love you dearly and pray the Lord will give you comfort. I have so many memories, but a couple stick in my mind the most - and that is Wally's smile, laugh (snicker) and sense of humor. Wally will truly be missed. I can't wait to see you and give you a hug.##imported-begin##Culley, Jenny, Cailey and Briana Dotson##imported-end##

“ Wally was such a fun loving guy and a nice, warm person. We have only great memories of him and the good and funny things he did. We'll never forget his laughter on the deer hunting video when he watched Gary and Anthony field dress the deer knowing they were about to cut into a part that would let off horrible smelling fumes. We still laugh when we think about it. Wally and Betty have always been loving and kind people to us and our family. We will miss Wally very much.
